W. O. BEENE

W. O. Beene, 77, died Monday in a Texarkana hospital. He was a native of Blevins, a retired merchant and veteran of World War I. Surviving are his wife, Mrs. Lois Beene, a son, Wallace Beene of Los Angeles; a brother Robert Beene of Tucson, Arizona. Services will be at 11 a.m. Wednesday at Herndon Funeral Chapel by the Rev. Everett Vinson. Burial will be in Rose Hill Cemetery by Herndon Funeral Home.

## Violence in Four Cities Reported

By THE ASSOCIATED PRESS  
Violence erupted in four American communities overnight leaving one man dead, many injured and buildings burned. Three of the disturbances had racial undertones. Worst hit was Hartford, Conn., where fires still burned this morning. Police used tear gas to drive away thieves today after a night of racial violence in the city's mostly Negro North End that left a policeman shot and a mile and half of stores burned or looted. In Fort Lauderdale, Fla., there was a second consecutive night of shooting, looting, fires and rock throwing. Three buildings and two cars were burned, police said.

scheduled for 1974. "We must make clear the need to continue with procurement of CVAN 69 in fiscal year 1970, regardless of any change that may be made in the attack carrier force level," Moorer told Chafee. The admiral thus indicated he sees a possibility the 65-carrier force—which some members of Congress insist is traditional rather than based on any specific requirement—could be trimmed. Moorer noted that a reassessment is under way of U.S. defense needs "including the number of attack carriers that will be required in future years." The new Nimitz "will replace an old World War II carrier," he said.

Moorer's memorandum listed these factors:

— "For all levels of military action other than all-out nuclear war—from a show of force to general war—the attack carrier is the primary striking force of our Navy. It provides the offensive power necessary to assure free use of the seas..."

— Despite new transportation and weapons systems, free use of the high seas "continues to be essential to the security of the United States, whether we are forced to fight to defend ourselves or to help defend our allies."

— "There is no valid plan for overseas military operations of the Army, Air Force or amphibious forces with embarked Marines that does not depend on our free use of the seas."

— "Our present national strategy relies heavily upon military forces deployed overseas..."

These forward deployed forces must be supplied by sea..."

— "A change in national strategy resulting in the withdrawal of our deployed military forces, would increase the requirement to maintain a strong maritime posture."

— "An effective tactical air capability is essential to sustain Lesotho, Botswana and Swaziland."

## Libya Leaves Gets Commendation the World Guessing

SGT. WILLIAM M. REINHARDT, 111

HOPE (ARK) STAR, Printed by Offset

By MICHAEL GOLDSMITH  
Associated Press Writer  
TUNIS (AP) — Libya's new military rulers left much of the world guessing today about their future policies toward the West and Israel. But there was general expectation that the West's huge stake in Libyan oil was not endangered. Indications pointed to a closer alignment with Egyptian President Gamal Abdel Nasser and the more militant Arab nations. And the end may be in sight for the U.S. Air Force's big Wheelus base outside Tripoli and the small British bases at Tobruk and El Adem.

The junta headed by Col. Saad Eddine Abou Chouhreb which seized power early Monday proclaimed "the Libyan Arab Republic," a name echoing those adopted by such revolutionary Arab nations as Egypt, Syria and Yemen. Iraq and Egypt were the first nations to recognize the new regime.

Tripoli Radio broadcasts stressed the "socialist" nature of the new regime and said the revolution stands for "Arab unity, socialism and freedom," the slogan of the Baath Socialist radicals in power in Iraq and Syria. But broadcast statements also gave assurances that foreign policy would remain unchanged, and foreign nationals and their property would be protected.

Informed sources in Paris said the junta called in representatives of the U.S., Britain, France and the Soviet Union and told them all international agreements would be respected, including contracts for the American and West European oil concessions which have made Libya the world's fourth largest oil producer.

There was speculation, however, that the new regime would renew demands on the U.S. and Britain to close their military bases in the country.

The Libyan monarchy gave only lukewarm backing to calls from the Arab militants for the destruction of Israel and was a member of a moderate group that also included Morocco, Tunisia, Saudi Arabia, Lebanon and Kuwait. Tunisian officials feared that the new regime would swing the balance within the Arab League in favor of Nasser's policies.

Libya's airports, ports and borders meanwhile remained closed to all outsiders, and there was no indication when they would be opened.

The 79-year-old king, who suffers from various infirmities, is at a Turkish spa for a rest and medical treatment. A spokesman said the monarch considered the coup of "no importance" and would return home as planned. But his nephew and heir apparent, Crown Prince Hassan el-Rida, made a broadcast from Libya announcing his "voluntary abdication" and calling on the 1.5 million Libyan people to join him in supporting the new regime.

stroyed 72 enemy bunkers and killed 16 troops with machine guns and rockets in an area two miles from the Cambodian border and 70 miles northwest of Saigon, U.S. headquarters said. No American casualties were reported.

The enemy command launched its fall campaign Aug. 12 with attacks on 150 allied bases and South Vietnamese towns, most of them in an arc 55 miles northwest to 80 miles northeast of Saigon. But enemy attacks dropped off sharply within a week.

U.S. officers say they believe the enemy is trying to reposition its troops for another series of attacks.

Hanoi radio reported that the Viet Cong has again pledged to continue fighting until all American troops are withdrawn from South Vietnam and the South Vietnamese government is overthrown.

## Gifts Flowing in to Governors

COLORADO SPRINGS, Colo. (AP) — The nation's governors are being deluged with gifts while attending the 61st National Governors Conference. Some say they don't like it.

Gifts ranging from golf balls to Stetson 10-gallon hats and portable television sets have been presented to the chief executives, primarily by 30 large and small companies.

They generally agreed to accept no such presents at the GOP governors meeting in December in Hot Springs, Ark. It is costing about \$150,000 to finance the conference.

## Temperatures Slated to Be Milder

By THE ASSOCIATED PRESS  
Mild temperatures and scattered showers are expected in Arkansas through Wednesday, the U.S. Weather Bureau said today. A weak southerly flow is expected to keep temperatures in the 80s most places.

Temperatures Monday were mostly in the high 80s. The high for the state was 93 at Texarkana.

A weak stationary front eased into the northern section of Arkansas Monday night, causing rainfall over portions of the state. More than an inch fell in Central and Northern Arkansas in isolated showers.

Lows tonight are expected to be in the mid 60s north to low 70s south. Overnight lows today ranged from 66 at Harn and Little Rock to 71 at Fort Smith and Texarkana.

Little Rock recorded 1.22 inches of rain in the 24-hour period ended this morning.

Those years which are exactly divisible by four are leap years, except centennial years. In such cases they are not leap years unless they are exactly divisible by 400. Thus the year 1900 was not a leap year, but the year 2000 will be a leap year.

## Notables and Unknowns in Kennedy Case

By THE ASSOCIATED PRESS  
EDGARTOWN, Mass. (AP) — The inquest which opens Wednesday into the death of Miss Mary Jo Kopechne has thrust together a cross-section of the notable and the unknown. Their lives all have been affected by the death of Miss Kopechne, the young secretary who died when Sen. Edward M. Kennedy's car plunged off a bridge on Chappaquiddick Island the night of July 18.

Following are brief profiles of those involved in the case: Edward Moore Kennedy—at 37, he is the last of the four Kennedy brothers. Nearly everyone calls the senator Ted now; the more boyish nickname of "Teddy" fell into disuse after brother Robert's assassination in 1968 in Los Angeles. It was Kennedy who was driving the car in which Miss Kopechne died.

Mary Jo Kopechne—Miss Kopechne long had been an admirer of the Kennedys, particularly Robert, and for a time served as a member of his secretarial staff. She was a member of Robert's so-called "boiler room gang" in his 1968 campaign for the Democratic presidential nomination. This was the group of young women who handled the New York senator's key telephone calls in the weeks after he launched his campaign.

Miss Kopechne, 28, was the only child of Mr. and Mrs. Joseph Kopechne of Berkeley Heights, N.J. At the time of her death, she was employed by a Washington, D.C., political consulting firm.

Edmund Dinis—A bachelor and successful businessman in private life, Dinis, 44, has been district attorney for southeastern Massachusetts since 1959. He ordered the inquest.

Dinis long has been active in the Bay State's Democratic Party, controlled by Kennedy, but he has never been regarded as particularly staunch politically. Rather, observers view him as something of a maverick within the party. He has sought unsuccessfully the offices of state attorney general and congressman.

James A. Boyle—As presiding justice of Edgartown District Court, Judge Boyle received Kennedy's plea of guilty to the charge of leaving the scene of the July 18 accident and gave the senator a suspended jail sentence. Boyle will preside at the inquest and decide whether the answers that emerge from it constitute sufficient reason for further legal proceedings.

Boyle is 62, an avid golfer with a quiet temperament, sports a moustache, and is a lover of bow ties and straw hats. He moved to Edgartown in the 1930s because he preferred a quiet life and low key law practice to the hustle and bustle of the mainland.

Paul F. Markham—A longtime friend of the Kennedys, Markham, former U.S. Atty. for Massachusetts, was one of those at the dinner party on Chappaquiddick which preceded the accident.

Kennedy said in his nationally televised speech a week after the mishap that Markham and Joseph F. Gargan, Kennedy's cousin, returned with him to the accident scene in a futile attempt to locate Miss Kopechne.

Joseph F. Gargan—A cousin of Ted and his close friend since boyhood, Gargan lives year-round on Cape Cod. He is an officer of a bank there.

## NEXT MOVE (from page one)

Boyle did decide, however, to allow attorneys for potential witnesses to be present in the courtroom while their clients testify. They would be allowed to advise their clients on pertinent questions of constitutional rights.

Boyle, 62, a man of quiet temperament but firm on the bench, will be the presiding justice at the inquest.

Meanwhile, in Edgartown today, tightened security was in evidence as the community prepared for the inquest. At least nine state troopers and about two dozen officers from other towns were brought in to help the small Edgartown force.

## GOVERNORS (from page one)

just that—dreams," he said. "True, there will be additional money—but the claims on it already are enormous."

"There should be no illusion that what some call the peace and growth dividend will automatically solve our national problems or release us from the need to establish priorities."

"In order to find the money for new programs," said Nixon, "we will have to trim it out of old ones."

Said Democratic Gov. John N. Dempsey of Connecticut: "I'm not so sure that if the war ended tomorrow there couldn't be billions of dollars. There must be. Frankly, I was disappointed in the speech. I had hoped to hear a speech of a constructive nature."

One of Nixon's chief advisers, Arthur Burns, counselor to the President, said Monday "of course there will" be more money available after the war. Burns said if the conflict ended immediately it would free \$8 billion in federal funds during the next 10 months. But he did not say whether prior claims already had committed such funds.

While Nixon rejected the notion of a peace bonus, he did tell the governors:

"I can assure you of this: We are not simply going to tell you the states have a job to do; we are going to help you find the funds and resources to do that job with."

Nixon also promised "an effective strategy for peace," limiting U.S. commitments overseas to those which can prudently be kept, saying this "makes possible an effective strategy for meeting our domestic needs."

He cited his own domestic proposals as evidence of "this new domestic strategy," stressing the welfare plan.

## Appeals Court Still Has Pay TV Case

By STAN BENJAMIN  
Associated Press Writer  
WASHINGTON (AP) — Like an unfinished soap opera, the continuing story of pay-TV has kept its anxious fans in suspense all summer, and nobody yet knows when to expect the next episode.

The script still is being written by the U.S. Court of Appeals here, which has been asked to decide whether the Federal Communications Commission has within its legal authority when it established policies last June 12 permitting pay-TV throughout the nation.

Should the court uphold the FCC—as it did in 1962 when the commission authorized a trial run of pay-TV in Hartford, Conn.—the pay-TV policy would still face an ordeal in Congress where at least 20 bills to kill it have been introduced.

Theater owners, the commercial television networks and some viewers afraid they'd lose free TV are allied against it.

Pay-TV—television broadcast that could be received only upon payment by the viewer—has been both a controversial issue since the FCC started considering it in 1955.

Supporters claimed it would bring culture—the opera, arts, new movies and live theater that mass appeal, sponsor-supported free TV could not provide would become available to the viewer willing to pay.

Opponents counter that pay-TV, seeking maximum profits, would woo the same mass audience as free TV and buy off the same audience-pleasing attractions—leaving the public to pay for the same entertainment it once got free.

After reviewing the 7-year Hartford experiment the FCC concluded last Dec. 13 that pay-TV was neither that good nor that bad and was worth a try.

In Hartford it had managed to offer "some" culture, the FCC found, but "audience response was not great."

It would be dominated, the FCC predicted, by feature films and sports—two main staples of today's commercial TV.

### RICE? NO DICE! SHE SAYS

Dear Helen: Tom and I want a traditional, very formal wedding. The reception will be held afterwards in the church hall.

But Helen, we don't like the idea of being pelted with rice. Sometimes people don't take it out of the little bags, and it can hurt. Also, we don't like that mad rush to the car, or having the car all covered with writing and streamers.

So we want to sneak out the back way while the party is going strong. Okay?

Also, I don't like the idea of throwing away my bridal bouquet. I'd like to keep it, wax dipped, forever. And the bridegroom taking off my garter to throw to the unmarried man—this is very gauche.

Really, I'm not a spoilsport. I don't mind the honeymoon and

wedding-night jokes that go on. But these other traditions—if you don't like them, why can't you break them?—OPPOSED

Dear Opposed: If you're planning a TRADITIONAL wedding, expect many disappointed guests when you don't stick to tradition. But...you could create an ultra MODERN wedding and make your own rules.

Or...How about a garden wedding where people throw flowers instead of rice, and the bride carries a single orchid on a prayer book, rather than a bouquet?

You two should have the kind of reception you wish, but remember your guests are important too. They like the grand finale, and if it isn't a rice-filled rush, then find something to take its place.—H.

Dear Helen: Parents and other unenlightened persons almost always jump on their conclusions and ride in one direction—Sex!

For example, they consider "living together" synonymous with sleeping together, if it's a guy and gal. Often true, when a girl and fellow share an apartment. But no always!

Pamela and I took an apartment together for six months while we were at college. We were good buddies and didn't fight, so figured we were more compatible than roommates of the same sex. She had her bedroom and I had mine. We dated around, and also went out together. Believe me, I'm not strange and neither is she.

Finally she moved out as she got engaged (to a fellow who believed in our arrangement.) We are all good friends. She is now married and I am about to be.

Opposite sexes don't always add up to SEX. You'd be surprised what with all the "exposés," how many college people are definitely NOT sleeping around.—DONALD

Dear Don: No, I wouldn't be surprised, because I receive many letters which bear you out. Sex isn't the ONLY communication between the sexes any more. There's such a thing as friendship—which is very difficult for elders to understand, seldom having achieved it in their generation.—H.

noted. "In fact they get offended when we even inquire as to the possibility of an agreement on dealing with the problem."

Postal officials admit that they are confronted with a increasing amount of mail protesting unsolicited receipt of imported mail.

This corresponds with public concern manifested by mail to congressmen and senators. The Nixon administration has submitted proposals to deal with the domestic variety, but officials admit helplessness, to a degree, in stopping that from abroad.

## Television and Radio

By CYNTHIA LOWRY  
AP Television-Radio Writer  
HOLLYWOOD (AP) — Five years with one television series is enough, says Marlo Thomas, soon to start her fourth season as "That Girl."

Danny Thomas' pert and well-organized daughter already has begun a transition from the small screen to the big one with the motion picture "Jenny," shot during her vacation from the ABC situation comedy.

While she still loves comedy — daddy probably would disclaim her if (a) she didn't or (b) she handled it badly — Marlo has decided "I'm an actress and I want to do all kinds of acting."

So while Marlo has been working 14-hour days in TV, she is thinking about moving on to other things. But, of course, she didn't say positively.

"It's very tiring work," said the slim brunette, looking very well rested and energetic. "But I've loved it. And I've been lucky to be surrounded by such great people."

During the coming season "That Girl" and the surrounding great people will have Marlo involved in broader comedy than in previous years. In one show she'll be caught in public dressed like a chicken and in another she will be an industrial spy in a pajama factory. All this will be in great contrast to the character she will be playing in her first starring movie: a sensitive girl about to have a child, out of wedlock.

"We had a crazy show last season, the one where I caught my toe in a bowling ball, and I got the greatest mail response in my life," she said, sipping a soft drink during a mid-afternoon break in a busy schedule. "I think people like to see me do broad comedy."

From January to May, Marlo was working on the film in New York, living with family friends and giving into a terrible temptation—a world famous confectionary shop nearby.

Audience tests indicate that the largest segment of her audience is persons between 18 and 35. Marlo says she thinks the show appeals to them because the girl she plays, Ann Marie, "has a certain honesty and a willingness to face emergencies and problems squarely."

Over the seasons, Marlo naturally has been asked to guest-star on assorted variety shows. She has refused—at considerable financial sacrifice.

"I won't do them," she said. "I want to build my own show."

### Clean Those Filters

Most new air conditioners have permanent filters which don't need to be replaced, but do need to be kept clean. The method is to lift the filter out, shake off loose dust, then dip it up and down in hot sudsy water. This loosens and removes the greasy soot which the filter has captured. Rinse, dry and apply a coat of special filter oil to help "trap" and hold the next batch of soil.

## Cincinnati Hopes for Flag Dimmed

By MIKE BRYSON

Associated Press Sports Writer

A September rainstorm and a June plane ride sound like a couple of wildly unrelated things—but they sure teamed up to put a dent in Cincinnati's hopes in the dizzy National League West title chase.

The rainstorm washed out the Reds' scheduled game with the Chicago Cubs after a 90-minute wait Monday night.

That postponement, coupled with San Francisco's 12-2 rout of Montreal earlier in the day, enabled the Giants to reclaim first place, just .002 percentage points ahead of the Reds.

And, that mid-June flight has the Reds in danger of doing a little more slipping tonight.

Last June 15, Chicago was leading Cincinnati 5-4 after seven innings of the second game of a doubleheader, when the game was suspended to permit the Reds to catch a plane to San Francisco, where they were scheduled to play the next afternoon.

That game will be resumed from the point of interruption—with the Cubs holding that 5-4 lead tonight before the regularly scheduled match with the NL's East Division leaders.

Meanwhile, Willie Davis extended his hitting streak to 29 games in helping Los Angeles to a 10-6 success over the New York Mets that kept the Dodgers just .003 percentage points back of the Giants. The loss dropped the Mets 4½ games back of the Cubs in the NL East.

Pittsburgh clipped Atlanta 7-1 to drop the sagging Braves three games off the pace in the West, while St. Louis whipped Houston 6-2 and San Diego topped Philadelphia 5-2 in other games.

In the American League, Baltimore blanked Chicago 8-0; Minnesota shaded Cleveland 7-5; Washington beat California 4-0 before losing 8-7; Boston checked Oakland 6-2; New York topped Seattle 6-1, then lost the nightcap of a doubleheader 5-1 in 13 innings, and Detroit nipped Kansas City 5-4 in 10 innings before bowing 3-2 in the nightcap.

Davis' sizzling single to center in the second inning enabled him to tie Zack Wheat's all-time Dodger record hitting streak and put the veteran outfielder just eight games shy of the modern NL record set by Tommy Holmes of the old Boston Braves in 1945.

Joe DiMaggio of the New York Yankees holds the major league record—56 games—and there are enough games remaining on the Dodger schedule for Davis to conceivably match that lofty mark.

"It takes a little luck," said Davis of the streak. "If you make contact with the ball, you have a better chance, and I'm doing that. The last couple of days I felt a little pressure, but now it's off."

Andy Kosco lashed four hits and knocked in three runs in leading the 16-hit Dodger attack. Tommie Agee and Duffy Dyer homered for the Mets.

Ken Henderson drove in four runs and Jim Davenport produced three RBIs with three hits in four trips in guiding San Francisco's rout—the 12th victory in 14 games for the Giants.

Lefty Ray Sadecki, 5-8, scattered six hits and helped himself out by drawing three walks.

Bob Moose checked Atlanta on seven hits as the Braves dropped their sixth straight at home. Gene Alley and Willie Stargell hit consecutive homers for the Pirates in the third.

Steve Carlton, 18-7, belted a three-run homer to cap a five-run seventh inning for the Cards, breaking a pitching duel with the Astros' Don Wilson.

Carlton was replaced by Jim Grant in the bottom of the seventh, and the two teamed for a

five-hitter.

John Edwards homered for the Astros in the fifth, his eighth of the year.

Ed Spielzo slammed a two-run homer and Ivan Murrell knocked in a pair with a triple as San Diego handed Philadelphia its seventh straight defeat.

## Lion Coach Thinks Team Now Ready

By LARRY PALADINO

Associated Press Sports Writer

DETROIT (AP) — "Our period of adjustment is behind us," says Detroit Lions Coach Joe Schmidt.

But if it isn't, Schmidt may find himself adjusting to the ranks of other unemployed football coaches.

"My first two years were tough," he says, "but I'm convinced now that my third season as head coach will be even tougher."

Schmidt has three years left of a five-year contract, but talk is that unless the Lions can have a successful season this year owner William Clay Ford may buy out the last two years of his pact.

Last season Detroit wound up with a dismal 4-8-2 record and last place in the Central Division of the National Football League.

The Lions have been building the last couple of years and it seems as if they should be ready to be a contender once again.

Among the top players in the league are four Lions with a total of only six years in pro football. Running back Mel Farr was Offensive Rookie of the Year in 1967, while cornerback teammate Lem Barney was Defensive Rookie of the Year.

Last season swift split-end Earl McCullough was the league's top offensive rookie, while tight end Charlie Sanders was second in the voting.

"All of us feel that our period of adjustment is behind us . . . that our rebuilding job is ready to start paying off," Schmidt says. "Look at it this way: We have only five players . . . who were with us prior to the 1965 season."

Detroit is strong in several departments. Farr, Nick Eddy and rookie Altie Taylor provide good speed and talent at running back. Pass receiving is excellent, with McCullough, Sanders, and Billy Gambrell. And there is depth here with Bill Malinchak, rookie Larry Walton, and Phil Odle.

Another strong point is the defensive backfield, which includes Barney, Dick LeBeau, Mike Weger and Tommy Vaughn.

But quarterback Bill Munson may be the key to Detroit's hopes. He had a mediocre season in 1968, his first with the Lions. But if he doesn't have the injury problems which bothered him last year, plus readjustment problems, then he could capitalize on his fine receivers and make the team an NFL surprise.

Defensively the front four of Alex Karras, Jerry Rush, John Baker and Larry Hand is strong. And linebackers Wayne Walker, Mike Lucchi and Paul Naumoff are among the best.

But, besides quarterbacking, the main problems are the offensive line and kicking.

Rookie offensive tackles Jim Yarbrough and Jim Carr have been impressive, along with highly touted second-year man Rocky Freitas.

Errol Mann will probably be the extra point and field goal kicker in place of Jerry Doyser, who is in the Army.

"We're optimistic on the season and feel we have a chance," Schmidt says. "If some kids come through like we expect we can win our division."

## Minnesota Widens Lead in American

By HAL BOCK

Associated Press Sports Writer

It was Labor Day for everyone else and just another day of labor for Ron Perranoski.

Perranoski made the long trip in from the bullpen for the 63rd time this season Monday, and got credit for a record-tying 26th save as Minnesota widened its American League West lead with a 7-5 victory over Cleveland.

The victory combined with Oakland's 6-2 loss at Boston gave Minnesota a 5½ game spread in the West as the pennant races swing into their final month.

In other American League games Monday, Baltimore bombed Chicago 8-0, New York split a doubleheader with Seattle, winning 6-1 before losing 5-1 in 13 innings, Washington divided a pair with California, winning 4-0 before losing 8-7 and Detroit nipped Kansas City 5-4 in 10 innings, before losing 3-2.

In the National League, Pittsburgh rapped Atlanta 7-1, San Francisco walloped Montreal 12-2, Los Angeles tagged New York 10-6, St. Louis whipped Houston 6-2 and San Diego defeated Philadelphia 5-2, Chicago's game at Cincinnati was postponed by rain.

Perranoski allowed just one hit in the final 2-3 innings to nail down the victory for the Twins after Cleveland had rallied from an early 7-1 deficit.

The veteran right-hander is just three short of the Minnesota club record for appearances and seems certain to top his personal high of 72 set in 1964 when he was with the Los Angeles Dodgers.

Perranoski's 26 saves tied the AL record set by Baltimore's Stu Miller in 1963 and matched by Jack Aker with Kansas City in 1966. When Miller and Aker did it, a reliever had to face the tying run to qualify for a save. Now, he merely has to finish the game to get one.

The Twins clawed Sam McDowell for six runs before a man was out in the first inning. Bob Allison ripped a bases-loaded triple and Rich Benick had a two-run homer to key the rally.

But the Indians bounced back, kayoling Dean Chance and continuing to rally against Jim Kaat and Al Worthington before Perranoski came on to save the victory.

Boog Powell slammed three hits including his 34th home run and made Jim Palmer's 14th victory easy as the Orioles blitzed the White Sox in a game played at Milwaukee.

Palmer pitched a five-hitter and won his 10th in a row.

Rico Petrocelli walloped a grand slam home run in the first inning, wiping out a 2-0 Oakland lead and pacing Boston over the A's.

The homer was Petrocelli's 34th of the season and tagged the A's with their third straight loss and sixth in the last seven starts.

Mel Stottlemyre won his 18th game and Bobby Murcer hit a pair of homers in the opener as the Yankees took the Pilots. Roy White drove in three runs for New York as Stottlemyre pitched a six-hitter.

Mike Hegan, an ex-Yankee, tied the nightcap with a ninth inning single and then hammered a three-run homer in the 13th inning, helping the Pilots to the split.

Mike Epstein tagged four straight hits including a three-run homer, giving Washington its first game victory over California as Joe Coleman won his 10th.

The Angels salvaged the split with Sandy Alomar's two-run triple the key hit in a sixth-inning comeback. Ken McMullen hit a pair of two-run homers for Washington.

Ike Brown tripled home one run, then came in on Jim Price's sacrifice fly in the 10th inning to give Detroit the victory in the opener, extending the Tigers' winning streak to seven games.

But Luis Alcaraz, just called up from the Royals' Omaha farm club, delivered a two-out run scoring single in the bottom of the ninth in the nightcap to end the streak.

with a 7-7 record.

Team's strong points—Fine running backs, excellent pass receivers, excellent linebacking, and a good defensive line.

Team's weaknesses—Weak offensive line, no depth on defensive or offensive lines, mediocre quarterbacking that is expected to improve, no consistently good kicker, lapses in secondary.

Best rookies—Running back Altie Taylor, offensive tackles Jim Yarbrough and Jim Carr, flankers Larry Walton and Johnny Wright.

## Porkers and Texas Are Rated Tops

By DENNE H. FREEMAN

Associated Press Sports Writer

DALLAS (AP) — If the form chart has its way, Texas and Arkansas will settle not only the Southwest Conference championship but perhaps the national title Dec. 6 on national television in Fayetteville, Ark.

Cotton Bowl king Texas and Sugar Bowl champion Arkansas were co-champions last year. They return most of the muscle, throwing arms and speed that made them the third and sixth, respectively, in the nation last season.

"Everybody will be trying like the devil to beat us," says Arkansas Coach Frank Broyles. "It will be an uphill battle for us and Texas."

Texas Coach Darrell Royal agrees. "Heck, we could go into the thing with four losses," Royal says.

Southern Methodist Coach Hayden Fry wishes to announce that his Mustangs, conquerors of Oklahoma in the Astro-Bluebonnet Bowl, plan to make it most unpleasant for the two titans.

"I think we can give them a good game," says Fry, who has the nation's premier passer in Chuck Hixon.

The Longhorns again have James Street at the controls along with powerful Steve Worster at fullback and Ted Koy at halfback. Gone is All-America Chris Gilbert. And at flanker will be Charles Speyrer who caught touchdown passes of 78 and 79 yards from Street in Texas' 38-13 massacre of Tennessee in the Cotton Bowl.

Arkansas has its deadly pass-and-catch combination of Bill Montgomery and Chuck Dicus back again. Montgomery and Dicus were the stars in a 16-2 victory over Georgia in the Sugar Bowl.

Southern Methodist has its best defensive club in years, but will miss pass-snatcher Jerry Leivas. Fry has groomed Gary Hammond, a sophomore, as Leivas' replacement.

Eight SWC games will be on national television this year—an all-time high. It will put about \$1.5 million in the pockets of the SWC schools.

Baylor returns lettermen at each position to give new Coach Bill Beall something to work with. There's a new attitude in Waco and the Bears could be troublesome.

Texas Tech has an excellent defense but Coach J.T. King's fortunes ride on whether quarterback Tom Sawyer, Joe Matulich, and Charles Napper can turn the right offense key.

Rice, Texas A&M and Texas Christian are capable of an occasional ambush, but appear to be second division material.

## Travelers Win Final Game From Memphis

MEMPHIS, Tenn. (AP) —

Eastern Division champion Memphis dropped a 10-7 decision to Arkansas Monday night in the Texas League finale for both teams.

The Blues open a best-of-five series with Amarillo Tuesday for the league championship.

Manager Roy McMillan has tapped righthander Russ Seals, 8-9, to start for the Blues. He will be opposed by righthander Miguel Puentes, 13-17.

Arkansas pounded five Blues hurlers for 13 hits. The biggest blow was a three-run double by Gino Maitrena in the ninth inning. Maitrena also had a run-producing single in Arkansas' three-run seventh inning.

Newcomer Al Hrabosky, who just joined Arkansas from Modesto in the California League, went the distance, scattering seven hits and fanning seven.

## Grid Season Opens Friday for Bobcats

By RALPH ROULTON

Star Sports Writer

Entering the final week of practice before Friday's season opener at Ashdown, the Hope Bobcats went through a moderate two hour and twenty minute workout last night under the lights of Hammons Stadium.

It was the final nighttime drill for the Bobcats, as the squad will take the remainder of the week to taper off and learn the formations and personnel of the Ashdown Panthers.

Coach Ronnie Higgins seemed fairly pleased with the practice last evening, and had some good words on the offensive line's progress through the whole pre-season period.

In the afternoon the Bobkittens went through a "fair" workout, according to Coach Gaylord Solomon, and the team will begin now to pick up speed developing for their opener at home with Prescott next Thursday.

For the Bobcats, a crucial factor in the Ashdown game will be the performance of a generally unproven defensive unit, which has worked fairly well together in practice.

Only four linemen will be going both ways in the initial starting lineup, and the coaches hope to find some help to relieve even them and move closer toward a platooning system.

Hope has run the old Arkansas monster defense for about three seasons now, and the personnel is well placed this year. At the important end positions, where the techniques are difficult to master and require good football players, the Bobcats have a pair of returning starters in seniors Ronny Brown and Mike McQueen, both of whom will go both ways.

Both tackle spots on defense were vacated with the loss of All-District Carroll Beck and the move by McQueen to end. However, the coaches made a switch and moved linebacker Jim Alford into one tackle position, where he has done well. Sophomore Lynn Norton (185) has asserted himself well in the two-a-days and has good size, but still has to prove himself in game experience.

At nose guard is junior Calvin Willis (170) a fierce hitter and a leader on the field who started some as a soph. Larry McWilliams starts for the third year at a linebacking post, but this year he has a new partner in soph Steve Harris. Harris has been a pleasant surprise so far, and will get his chance to prove himself at Ashdown.

The monster man or roving linebacker has been one of the weaker points of the Bobcat defense in the past, but the coaches have put their confidence in to another sophomore, Rusty Worthing, who has not played a down of senior high football but could have a bright career ahead of him.

Before the first practices, Coach Higgins had little to worry about in his defensive secondary. Some of that wore off when senior John Spraggins decided to devote his full time to his track career from now on, but new coach Johnny McMurphy has been working his forces hard to find the best personnel.

Junior Sidney Waller, a returning starter, will start at safety Friday night, and the linebackers will be manned by soph Ray Wheelington, a fine defender with great potential on offense too, and senior letterman Randy Still, a 145-pounder with lots of experience from playing "B" team ball.

Some depth in the secondary will be provided by junior Stan James and senior end Lee Davis, who is the tallest player in the backfield.

That's the defensive squad, which hopefully can jell into a cohesive unit against a strong Ashdown rushing game headed up by All-District halfback Jimmy Eskew. The defense's importance, even in the hope that the offense should be impressive, is immeasurable.

The Bobcat squad will be evaluated as a whole tomorrow, with a scouting report on Ashdown coming Thursday. Work continues on the

# Porkers Get Down to Rough Work

FAYETTEVILLE, Ark. (AP) — The Arkansas Razorbacks put on football pads today as they continue their practice for the coming season.

The Porkers worked for three hours and 20 minutes Monday in two separate practice sessions in shorts.

Coach Frank Broyles said the first game-type scrimmage of the fall practice would be either Wednesday or Thursday with another set for Saturday.

A few minor injuries have cropped up.

Tailback Bobby Burnett missed Monday's work because of a slight hamstring injury.

Sophomore tailback Russ Garber missed the afternoon work when a similar problem developed in his leg during the morning practice.

Tight end Pat Morrison slightly bruised a hip while diving for a pass.

Trainer Jim Bone reported

that split end David Cox may have been more seriously injured than first thought. Cox came to spring training with a muscle injury, but Bone said Monday it appears that some muscle tissue had been torn in Cox's calf.

# Hall High Is Rated Best in First Poll

LITTLE ROCK (AP) — Little Rock Hall, which has lost only three games in three years, has been voted the No. 1 spot in the Associated Press pre-season high school football poll.

Hall edged Fort Smith Northside, the state champion the past two years, by one point, 123-122.

Hall was named at the top of seven of the 13 ballots cast by a group of Arkansas sports writers and sportscasters. Northside got five first place votes. The other first place vote went to Little Rock Central, which is a solid third in the poll.

Hall Coach C. W. Keopple

said he really didn't mind being chosen as the preseason favorite.

"It should help the boys, but whether it will or not I don't know," Keopple said.

Little Rock Catholic, Springdale, North Little Rock South-west, McClellan, Hot Springs, Magnolia and El Dorado followed the top three teams in that order.

Magnolia, unbeaten in 13 games last year, was a solid choice in Class AA, receiving 11 first place votes.

McGehee topped the vote get- ters in Class A with nine first place votes and Holly Grove led the balloting in Class B with 10 first place votes.

# WHEELING

By BOB COCHNAR  
NEA Automotive Editor

NEW YORK (NEA) — Somehow, it would seem, the American automobile industry operates as if it were the only segment of the economy that matters.

At the same time the New York Stock Exchange shudders and shakes and market analysts continue to run scared, the Detroit behemoths calmly prepare for the 1970 model year with all the normal trumpeting. In September the new cars debut and no amount of Wall Street caterwauling is going to prevent that.

Odd, this inner-directed phenomenon since the industry has, in fact, taken a few lumps this past year. The April-June quarter for Chrysler, for example, took a 51 per cent nosedive on top of the 25 per cent decline in the January-March quarter. American Motors is not selling enough cars and even the fat and sassy Pontiac Division lost points.

Still, the industry still expects to sell some 8.4 million cars this year, not bad at all in a period of economic uncertainty. So why not gear up and make ready for an equally good 1970?

But there are signs that make at least a few auto executives wince. In Washington, reports Business Week magazine, the Federal Trade Commission has scheduled a hearing on the industry's price advertising, just about the time prices will be announced on the '70 cars. And the prices, to no one's great surprise, are likely to be higher.

In California, the state is taking the industry to court on charges of deception in the advertising of prices. To top off this uncomfortable melange, the state senate wants to ban the internal combustion engine altogether by 1975.

But neither economic gloom nor legal sleet will stay these noble Detroit moguls from their appointed rounds at the nation's show-rooms next month. Add to those other certainties, death and taxes, the new model premieres.

General Motors shoots the opening guns on Sept. 18. Chevrolet and Oldsmobile, after long and often bitter struggle with the front office, will offer super-specialty cars like the successful Pontiac Grand Prix.

Chrysler, always lamentably slow on the uptake, finally will have a car designed to give the runaway Mustang competition. It's called, appropriately enough, the Challenger. At about the same time, its Plymouth Division will show its answer to Ford's Maverick called, for some reason, the Duster.

American Motors takes after Maverick with the Hornet, a name which has been buried in the company's trademark vault since the old Hudson expired in the 100 Hudson expired in the 100.

As for General Motors, it, too, will have a small car out in the summer which is currently carrying the code name, XP887.

To date, the European industry is showing no special signs of alarm, perhaps remembering Detroit's last assault on the import-car market in the middle '50s. You'll recall the early Falcons, Corvairs and Valiants.

The original bumper-to-bumper competition upset the imports considerably, with only VW hanging on. The Detroit steamroller effectively leveled the Renault and Fiat.

But the so-called compacts, like Topsy, just grewed and the little car market once again belonged to Europe. Since the little car market is no longer so small as it once was, Detroit is back at it again. What happens now (because the imports are firmly entrenched) will perhaps one day make a fascinating case study for the Harvard Business School.

# Draw Pearson, Columnist, Dies at 71

By ROBERT K. WALKER  
Associated Press Writer  
WASHINGTON (AP) — Columnist Drew Pearson was described in one of his own books as "either loved or hated; there is no middle ground."

His admirers were many readers of his column, "The Washington Merry-Go-Round," who looked on Pearson as the man who exposed skeletons in governmental closets during four decades.

But his reporting through newspapers and broadcasting brought him into frequent conflict with officials, including two presidents who called him a liar.

Pearson, 71, died Monday after suffering a heart attack at his Maryland farm. He had been hospitalized several weeks, returning home only last Friday.

Jack Anderson, co-author the past 10 years, said he will continue the column which is carried in 625 daily and weekly newspapers.

Pearson's most recent major crusade in 1966-67 led to a Senate censure of Sen. Thomas J. Dodd, D-Conn., after allegations he had used political funds for personal purposes.

It was Presidents Franklin D. Roosevelt and Harry S. Truman who denounced Pearson. Roosevelt called him a liar when the columnist reported Secretary of State Cordell Hull wanted to see Russia "bled white" during World War II.

Truman once referred to Pearson as an "s.o.b." after several columns which angered the President.

And the late Sen. Joseph R. McCarthy, R-Wis., resorted to physical violence during a long feud with Pearson in the 1950s. McCarthy admitted hitting Pearson with his hand at a fashionable club in Washington; the columnist said the senator kicked him in the groin.

The squabble got into the courts in a \$5.1 million damage suit brought by Pearson against McCarthy and several others, including the late columnist Westbrook Pegler. It was dropped later.

This was only one of a number of court suits in which Pearson was plaintiff or defendant.

Although controversial, Pearson was affable, mild-mannered and a Quaker. He sponsored the Friendship Train that collected 700 carloads of food for France and Italy after World War II.

Born Andrew Russell Pearson at Evanston, Ill., he was the son of a college professor who later was governor of the Virgin Islands. He was a Phi Beta Kappa graduate of Swarthmore College in Pennsylvania.

While working for the Baltimore Sun, Pearson and Robert S. Allen wrote a book called "The Washington Merry-Go-Round" which promised to tell "the gossip which the Capital loves to whisper but hates to see in print."

The book and a sequel launched the column which Allen gave up in 1942 to re-enter the Army.

Pearson's first marriage in 1925 to the Countess Felicia Gyzyska, daughter of Eleanor "Cissy" Patterson, publisher of the Washington Times-Herald, ended in divorce.

In 1936 he married Luvie Moore, who survives along with a daughter, Ellen Arnold, and a stepson, Tyler Abell, former U.S. chief of protocol.

A memorial service will be at 11 a.m. EDT Thursday in the Washington National Cathedral. After cremation the ashes will be taken to the Pearson farm.

# Home Folks Pay Tribute to Marciano

BROCKTON, Mass. (AP) — Rocky Marciano, the Brockton Blackbuster, was mourned today by the people of this city who idolized him.

Marciano, who left coal shoveling and ditch digging in his hometown and went on to win the world heavyweight boxing championship, died Sunday night in a plane crash in an Iowa farmyard.

Marciano captured the title in 1952 with a knockout of Jersey Joe Walcott and eventually retired undefeated in 1956.

He was killed when a light plane carrying him to his birthday celebration crashed in Newton, Iowa. His body was returned here Monday, the day he would have been 46 years old.

His professional career started in Holyoke with a three-round knockout over Lee Epper- son and ended in New York eight years and 49 undefeated fights later with a ninth-round knockout over Archie Moore.

Known as a fighter who didn't know the art of boxing, he'd take as many punches as necessary to land one.

"I got lucky tonight because I only got nailed a couple of times," he once told a reporter after a fight in 1952. "But in tough fights, I have headaches for a week or two weeks. Sometimes I actually hear humming ... and I know that can't be good for me."

Then he added: "But I used to have a sore back all the time from shoveling coke at the Brockton Back Gas Works. For this I get paid better."

"Inside the ring he was a lion, outside a lamb," was the way Walcott described Marciano.

Former champ Sonny Liston said Marciano "was one of the greatest champions there ever was," and deposed champion Cassius Clay told a reporter Marciano was "the onliest one that would have given me some trouble."

Although respected by those who fought him, Marciano's free-swinging, plodding style found little praise with the boxing experts.

"However," Marciano once remarked after his retirement, "20 years from now fight fans will look at my record and know I fought everybody around and never lost a fight. I might even end up a living legend."

A funeral Mass will be celebrated at St. Coleman's Church Thursday, and another Mass will be celebrated Friday at St. Pius Church in Fort Lauderdale, Fla., where Marciano made his home for the past several years.

Burial will be in Queen of Heaven Cemetery, Fort Lauderdale.

Survivors include his widow, Barbara; a daughter, Mary Ann, 16, and an infant son, Rocky Kevin, 17 months old.

Pan-American Highway

The Pan-American highway system is a network of around 30,000 miles of paved and all-weather roads, including various alternate routes. It extends from four major points along the U.S.-Mexican border through Central America and, after skipping the "Darien Gap" between the Panama Canal and Colombia, links all the capitals of South America with one another.

In captivity, the average elephant drinks 60 gallons of water every day, according to the Encyclopaedia Britannica.

# Clover Lane Was Belle of the Ball

Clover Lane was the belle of the ball—to the surprise of her elapserone, veteran Bill Shoemaker.

Seymour Rose's 2-year-old filly trailed Andrew and Dan Cehl's Belle Noire by four lengths at the top of the stretch of the 6 1/2-furlongs, \$175,000 Arlington-Washington Lassie Stakes at Arlington Park. Then, she zoomed through the stretch to win by a nose.

Shoemaker didn't think Clover Lane would make it.

"I thought so even in the last 30 yards," he said. "Belle Noire must have just collapsed at the end because I wasn't picking her up that fast."

Belle Noire saved the place over 13-1 shot Dixie Wind, with Clover Lane's stablemate, Bright Affair, fourth in the field. Bright Affair, fourth in the field of nine, Mrs. W.R. Kelly's previously unbeaten Callamar stumbled and fell leaving the stall. Her jockey, Fernando Valdivia, was trampled and taken to a hospital. The filly apparently was not injured.

In another six-figure race, Elmemdorf's 4-year-old Verbatim won the \$109,400 inaugural running of the Governor Nicolai Handicap at Belmont Park.

Elsewhere, Clement Hirsch's Argentine-bred Flogosoro set a world record of 1:40 1/5 for 1 1/4 miles in winning the \$53,650 Del Mar Handicap for 3-year-olds.

And, Easy Jet won the \$600,000 All-American Futurity for quarter-horses at Ruidoso Downs in 20.48 to earn first money of \$159,000.

HOPE NEWSPAPER HISTORY:  
The 1929 consolidation joined the  
two principal newspaper lines  
dating back to within five years  
of Hope's incorporation in 1875.

1899—Star of Hope found-  
ed as a weekly by Claude Mc-  
Corkle; converted to an evening  
daily by his son, Ed. McCorkle,  
publishing until the 1929 con-  
solidation.

The opposition line:  
1880—Hope News founded by  
Lowry Brothers.  
1883—Sold to Withers & John-  
son, name changed to Hope Tele-  
graph.

1883—Later in same year  
resold to Claude McCorkle and  
renamed Hope Mercury.  
1884—Sold to James H. Betts,  
who named it Hope Gazette, under  
which name it was published con-  
tinuously until 1922, published by  
Betts, J.L. Tullis, and Col. W.W.  
Folsom the last-named dying in  
1916.

1916—Purkins & Gates bought  
the weekly Gazette and made it  
a companion paper to their new  
daily, Arkansas Evening Herald—  
but both papers suspended in  
1922.

1926—Plant was revived by  
Curtis Cannon as the weekly  
Hempstead County Review.  
1927—Cannon sold plant to  
D.A. Gean, who established the  
morning Hope Daily Press.

1929—C. E. Palmer and A.H.  
Washburn consolidated The Star  
and the Press as Hope Star, with  
Palmer as president and Wash-  
burn secretary-treasurer.

1957—Following Mr. Pal-

Today's hand was played by C. A. (Tony) Geoffron at the Linton Bridge Club in Montreal and represents an interesting variation of the crisscross squeeze. This squeeze in itself is one of the rarest plays and this variation must be even rarer.

The first trick went to West's ace of clubs, the second to East's king. A heart return at this stage would have broken up the eventual winning play but East led a trump.

Tony won the trick and asked himself the question, "How can I make this hand?" A Review of the bidding and Analysis of the lead led to a Count of two more losers. He had to eliminate one of them.

Clearly West held both the king of hearts and ace of diamonds. If he held only three hearts, perhaps the king could be ruffed out but if West held only three hearts, then East would hold five and would have bid a heart rather than two clubs. Tony played a second trump and when both opponents followed, he decided that West's original hand had been two spades, four hearts, three diamonds and four clubs.

He discarded one of his diamonds on dummy's queen of clubs and started to run off the rest of his trumps. The last two clubs appeared quickly and, before the last trump was led, dummy was down to the queen-10 of hearts and his three diamonds.

The last trump crisscrossed poor West. If he ungarded the king of hearts, South would discard one of dummy's diamonds and cash his ace of hearts. If he shed a diamond, South would lead a diamond to dummy's king, return a diamond and play low.

## THE WELL CHILD

### Training Suggestions For the Tyro Footballer

By WAYNE G. BRANDSTADT, M.D.

About this time of year pre-season football training takes its toll in the form of heat stroke. Most such cases can be prevented by observing the following suggestions:

Prospective players should avoid summer work in an air-conditioned environment but should work where they can become acclimated to the heat. Drinking six to eight ounces of fluid every hour will prevent heat cramps. If sweating is profuse, salt should be added in the proportion of one teaspoonful to six quarts of water.

A player's weight should be recorded before and after each practice session. If he loses more than 3 per cent of his normal weight during practice, he is not drinking enough water. Players should report all headaches, excessive fatigue, sleeplessness and loss of appetite to the coach. A critique period after practice helps the player to relax and cool off before his next meal. The coach should shorten the practice session if, in addition to the heat, the humidity is high. Rubber sweat shirts should never be worn as an aid to conditioning.

Q—Is there any way a parent can detect whether their children practice masturbation?  
A—No. All children at one time or another show an interest in touching or stimulating their genitals. False ideas of the damage this does to their minds or later development as solid citizens and good marital partners have led to needless worry on the part of many parents. For further reassurance, I strongly urge you to send for Study Guide No. 3 which

## WORLD ALMANAC FACTS

Fiasco, a ridiculous failure, comes from the Italian word meaning bottle or flask. The World Almanac says. How this English borrowing from the Italian came about is uncertain. One story says it came from the practice of Venetian glass blowers who, upon detecting a flaw in their bulb which made it unfit for their original design converted the piece into a bottle or, in Italian, a fiasco.

## Refuses to Step Aside as a Marshal

SAN FRANCISCO (AP) — A Democrat appointed last year by President Johnson as U.S. marshal for Northern California refuses to step aside for a Republican successor appointed this year by President Nixon.

Lolis H. Martin of Martinez says a president appointed him to a four-year term "so it takes someone of equal status to remove me." And he said Sunday he still had not received any word from President Nixon. George B. Harris, Chief Judge of the U.S. District Court in San Francisco, has refused to swear in the new appointee, George E. Tobin of Mill Valley, until a vacancy is declared officially. Tobin's nomination was confirmed July 11.

A Justice Department spokesman in Washington said Sunday the department recognizes Tobin as marshal.

"If the Justice Department is recognizing Tobin," Martin said, "then they are recognizing someone who hasn't been sworn in."

Martin said the closest thing he has received to notice removing him from his \$27,000-a-year position was a letter from Deputy Atty. Gen. Richard Kleindienst that "he assumed I would relinquish my post."

At the Western White House in San Clemente, a spokesman said the President would have no immediate comment, pending investigation.

(Georgia—58,876)

GOVERNMENT: Communist

The Geneva agreements of 1954 turned over 22 provinces of Vietnam north of the 17th parallel to the Viet Minh Communist guerrilla movement. A plebiscite on reunification with the south was supposed to take place in 1956 but was never held. U.S. air attacks began in 1965 in retaliation for North Vietnam's aid to the Viet Cong in South Vietnam.

**BURMA**

POPULATION: 25,246,000

AREA: 261,789 Square Miles

(Texas—267,339)

GOVERNMENT: Republic

(Military Control)

A British possession until 1947, Burma is officially nonaligned and scrupulously neutral between East and West. For years, special efforts were made to remain on good terms with neighboring China but relations with Peking have been cool since anti-Chinese riots in 1967.

**LAOS**

POPULATION: 3,000,000

AREA: 91,429 Square Miles

(Oregon—96,981)

GOVERNMENT: Kingdom

Laos is officially neutral but the coalition government is boycotted by the Pathet Lao Communists and supported by the United States. Warfare continues against Pathet Lao and North Vietnamese troops holding the eastern half of the country. The Ho Chi Minh Trail supplying Viet Cong forces in South Vietnam runs through eastern Laos.

**CAMBODIA**

POPULATION: 6,250,000

AREA: 69,898 Square Miles

(Oklahoma—69,919)

GOVERNMENT: Kingdom

Under unpredictable Chief of State Prince Norodom Sihanouk, Cambodia has tended to be neutral on the side of the Communists. Relations with the United States were broken in 1963. The Ho Chi Minh Trail runs through the northeast section of the country and Viet Cong troops operate from Cambodian territory.

**THAILAND**

AREA: 200,148 Square Miles

(California—158,693)

GOVERNMENT: Kingdom

(Military Control)

Thailand is firmly allied with the United States and has troops in South Vietnam. Some 40,000 U.S. servicemen, mostly Air Force, are stationed in the country. U.S. planes bombing North Vietnam operate from bases in Thailand. Sattahip is a major U.S. air and naval base. Communist guerrillas are active in the northeast provinces.

**MALAYSIA**

POPULATION: 9,661,000

(New Mexico—121,666)

GOVERNMENT: Elective Monarchy

Malaysia, a member of the British Commonwealth, is a federation of the Malayan Peninsula, south of Thailand, and former British territories on the island of Borneo. One-third of the population is of Chinese descent. Malaysia, founded in 1963, is aligned with the West and receives military aid from Britain and Australia.

**SOUTH VIETNAM**

## Our Daily Bread

Sliced Thin by The Editor  
Alex. H. Washburn  
Mississippi Call;  
Narrow's Story  
of Striped Bass

Roy Anderson is undertaking to raise \$1,000 or more for those who lost their homes and possessions when Hurricane Camille swept through southern Mississippi.

Local contributors should make out their checks to Gulfport Rotary Club, marking them as being "For hurricane aid" so they will be tax-deductible.

Send contributions to Mr. Anderson, Second and Main Sts., Hope, and he will forward the entire collection to the Gulfport Rotary for distribution in the ravaged district.

Frank Bray of the Sportsman's Center, Murfreesboro, featured in our Ananias Club discussion Aug. 26, has a good deal more to say about the crop of landlocked striped bass in Narrows Lake (Lake Greeson, if you are a stickler for the official title shown on maps). And what he has to say is worth while, judging from the following letter I received last week-end:

Editor The Star: I appreciated the copies of the Aug. 26 Star containing your remarks about the Strippers present in Lake Greeson (Narrows).

I do want to "slice the bread thin" and offer a couple of corrections to some misunderstandings that occurred in my telephone conversation. This is understandable as my end of the conversation was originating on the Allied Telephone System and a lot of things got a bit befuddled over Allied's equipment.

The dead Stripper that washed up on the shore in "Big Six Cove" in July, 1968, did weigh 40 pounds—not 30. The fish was 42 inches in length, not 32. He was 30 inches in girth—the waist size of some pretty well built young fellows. I failed to get pictures of this tackle-buster at the lake, but I brought the critter to town and did get photographs. The difficulty at the lake was not "camera trouble"—just an excited, all-thumbs operator.

Mr. Washburn, I am really excited about the possibilities these Strippers offer to anglers in the future. The world rod and reel record for the land-locked members of this species is a whopping 73 pounds. We know that 35,033 of these Bass have been placed in Lake Greeson, but the number of natural spawn of the original 33 is unknown. Although the Game and Fish Commission Biology Boys argue that there has been no reproduction, I have argued otherwise.

Today I have verification of my contention. A fisherman has promised me a photograph and an affidavit attesting to an eleven pound striper he caught in Lake Greeson in 1967. This fish must have been hatched in Lake Greeson.

Between four and five hundred of the Strippers, released in the lake during the past two years, have been caught this year. The one-year group weigh from 1 1/2 to 2 1/2 pounds. The two-year-olds go from 3 1/2 to 5 1/2 pounds. The originals and their natural spawn—?? During the past four years I have had numerous fishermen report they had hooked fish that broke their line, and, in some cases, stripped the teeth from their reel gears. We presume these monsters were Strippers. (Of course, they might have been some of those "man-size plus" catfish that lurk among the rocks in the deep water just above Narrows Dam.)

Personally, when fishing in Lake Greeson, I keep my knife open and handy on the seat beside me so that in case I hook a fish big enough to wreck my rig, I can cut my line and let him go before my equipment is completely wrecked.)

As your Hope "Isaac Waltons" continue to probe the deep-deep waters of Lake Greeson, your Ananias Club is going to be faced with a greater problem in differentiating between "Fact" and the "Never-Never Land."

The history of fishing in Lake Greeson has followed the pattern of all man-made lakes. It went from wonderful—to excellent—to good—to fair—to poor. In 1964 Mr. Andrew Hulsey of the Arkansas Game and Fish Commission put his experience, education and imagination to work on the problems of this lake. "Thread-fin" shad were introduced in the lake. The results be-

**HURRICANE**

Hurricane Camille is the most devastating tropical storm to hit the United States in a dozen years. Not since Audrey lashed Louisiana and Texas in 1957 has a death toll been so high. Map locates major storms, with number of deaths circled, since the great New England hurricane of 1938. Late summer and fall are the hurricane high season with September the stormiest month. The Gulf Coast is most heavily hit. In the most disastrous storm on record, a hurricane and tidal wave took 5,000 lives at Galveston, Tex., in 1900. The U.S. Weather Bureau began giving feminine names to storms in 1953.

## Nixon Plans Draft Action

COLORADO SPRINGS, Colo. (AP) — President Nixon hinted Monday night he plans to take administrative action soon to implement some of his draft reform proposals.

Speaking to the 61st National Governors Conference, Nixon referred to his draft proposals pending before Congress. He said it is necessary to reduce "the unnecessarily long period of uncertainty that now hangs over the lives of millions of our young people."

The President also defended his welfare reform program in a speech to the 61st National Governors Conference Monday and advised the state executives against trying to tamper with it.

But the conference was to act today on a resolution urging that the federal government take over the financing of the entire welfare system.

"He said he was going to put the money where the problems are," said New York Gov. Nelson A. Rockefeller, chief promoter of the takeover proposal, a five year plan which goes far beyond the Nixon recommendations.

Nixon flew from his summer White House in San Clemente, Calif., for his defense of his domestic programs, and told his critics:

"I make just one suggestion—we've been on a road for a long time that is leading us to disaster and when you're on the wrong road you get off and get on a new road."

Nixon told the governors at their black tie conference ball there are "hard budget and tax decisions ahead."

## Governors Told Not to Expect Much

By WALTER R. MEARS  
Associated Press Writer  
COLORADO SPRINGS, Colo. (AP) — President Nixon has told the nation's governors not to look for an outpouring of new federal funds as a byproduct of peace in Vietnam.

## Nothing Much the Post Office Can Do About Hard Core Pornography

By WILLIAM BARTON  
Associated Press Writer  
WASHINGTON (AP) — Hard-core pornography is coming into this country in ever increasing numbers, but the Post Office Department admits little—if anything can be done to curtail the imported smut.

Most comes from Denmark and Sweden, where postal officials say there are no laws to forbid the sending of lurid, suggestive photographs through the mail.

"All we can do," says a Post Office spokesman, "is to put out 'unlawful orders' to impound mail leaving the United States for known pornography companies abroad."

"Of course," he said, "this cuts off much of their revenue, and we hope to get at them this way."

But William Lawrence, an attorney in the Post Office's general counsel's office, says there

## Thinks WR Is Running Now

PINE BLUFF, Ark. (AP) — Lt. Gov. Maurice "Footsie" Britt was asked Monday if Gov. Winthrop Rockefeller is already running for a third term.

Britt's answer: "It certainly appears like he is."

Britt was in Pine Bluff for Labor Day observances.

He said that polls indicated Rockefeller's popularity as governor has never been higher than it now is.

Britt said again that he would consider running for governor only if Rockefeller chose not to seek a third term.

## Hurricane Unexpectedly Shifts Course

MIAMI (AP) — Fringe winds of Hurricane Francella began striking coastal points along the Gulf of Honduras early today after the storm unexpectedly shifted to a southwesterly direction as it neared Central America.

The National Hurricane Center cautioned residents all along the Gulf of Honduras to prepare for 90 mile per hour winds, high tides and heavy rain later today.

Forecaster Raymond Kraft said the storm's projected course would take it to shore somewhere between the seaside resort cities of Belize, in British Honduras, and La Ceiba, on the northern coast of Honduras. In between is the northeastern tip of Guatemala.

Early today the storm was a little over 100 miles northeast of La Ceiba. It's forward movement had slowed to 5 to 10 m.p.h.

## Pilots Protest Syrian Action, May Strike

By THE ASSOCIATED PRESS

Two Israeli men who were aboard a hijacked American airliner remained in Syrian custody today, and the international airline pilots' organization threatened a 24-hour strike if they are not freed by next Monday.

The plane's four other Israeli passengers, three women and a teen-age girl, returned to Tel Aviv Monday after 64 hours in Damascus. Ninety-five passengers of other nationalities and the airliner's crew of 12 were released Saturday.

A man and a woman from the Popular Front for the Liberation of Palestine, a guerrilla organization, diverted the Trans World Airlines Boeing 707 jet to Damascus Friday after it left Rome for Tel Aviv.

The executive committee of the 44,000-member International Federation of Airline Pilots Associations met in Paris Monday and drafted a statement calling on the United Nations to take immediate action to free the passengers and ensure the hijackers would be punished.

Ole Forsberg, Finnish president of the organization, said he had called the membership asking for a strike authorization, and he expected overwhelming approval.

"If the passengers are not freed before Sept. 8, we will go on strike" 15 days later, he said.

In Cairo, meanwhile, leaders of the four countries directly involved in hostilities with Israel began meeting to coordinate military and other policies.

Egyptian Foreign Minister Mahmoud Riad said after a three-hour meeting Monday Egyptian President Gamal Abdel Nasser, Jordan's King Hussein, Syrian President Nureddin al-Atassi and Iraqi Deputy Premier Saleh Jahid Ammash, "agreed on the necessity of mobilizing all Arab efforts to face Israeli aggression."

About a million Israelis were expected to vote today in national and local elections being held by Histadrut, the national labor cooperative. The organization so thoroughly blankets Israeli life that its elections have always reflected political trends accurately. Eleven political parties have entered candidates in the election, but the Labor party is expected to retain control.

On the war front, spokesmen in Tel Aviv said Israeli jets struck at two Jordanian army camps near Shuna, in northern Jordan Monday and returned safely to their base.

## KXAR Buys New Control Board

Radio Station KXAR last week-end purchased a major piece of equipment—a new console, or control board—from the Collins Radio factory in Dallas. It was announced today by Haskell Jones, general manager of Hope Broadcasting Co.

The old board has served for 22 years, being part of the original equipment with which KXAR went on the air Dec. 12, 1947. The original Collins transmitter was in use for 17 years, being replaced with a new and larger Collins when KXAR increased power from 250 to 1,000 watts in 1964.

The new board, which will be received in about 30 days, provides for 12 regular channels, which can be expanded to 28.

The old board will be taken out of the engineering room to make way for the new one, repaired, and then reinstalled in the studio to handle tape-production shows—and back up the new board on the air if an emergency arises.

Mr. Jones said replacement of the old board had been delayed because of the eventual removal of the broadcast facility to a site east of Hope—a move made necessary when the broadcast property on State Highway 29 North was cut in two by land condemnation for Interstate 30.

It had been hoped to hold up purchase of new equipment until the relocation was made, but the bad condition of the present board made immediate purchase necessary, Mr. Jones said.

## Navy Has Spent \$133 Million on Carrier Opposed by Congress

By BOB HORTON  
AP Military Writer

WASHINGTON (AP) — The nation's top admiral has told his civilian chief that the Navy already has spent \$133 million on a second nuclear carrier opposed by some members of Congress.

Adm. Thomas H. Moorer, Chief of Naval Operations, cited previous commitments toward construction of the carrier—CVAN 69—in an Aug. 25 memorandum to Secretary of the Navy John Chafee.

The memo, defending flatpops as "the primary striking force of our Navy," came at a time when some legislators advocate cutting back the present 15 U.S. attack carriers.

A group of senators has introduced an amendment designed to strip the Navy's budget of \$377 million to complete funding of the second atomic-driven Nimitz class carrier.

Moorer said \$133 million in contracts for long-lead time production items were awarded under defense budgets the past two years.

Can 69's nuclear propulsion plant currently is being manufactured, he said, and delivery of the \$560 million carrier is

## Next Move Up to Lawyers of Kennedy

BOSTON (AP) — The Massachusetts Supreme Court was asked today to overturn Edgartown Dist. Judge James A. Boyle's ruling denying attorneys for potential witnesses in the Mary Jo Kopechne inquest the privilege of cross-examination.

The request filed by attorneys representing Sen. Edward M. Kennedy, in whose car Miss Kopechne died.

It is expected to delay the start of the inquest, which was to have opened in District Court before Judge Boyle in Edgartown Wednesday.

The request was accepted by Massachusetts Supreme Court Justice Paul C. Reardon.

He scheduled a hearing on it for this afternoon, and indications were that a further hearing would be held Wednesday morning.

Kennedy's attorneys maintained during a pre-inquest hearing last week that the inquest was of an "accusatory nature," not unlike a trial.

Therefore, they contended, they should have the right to cross-examine witnesses and raise objections.

But Boyle held that an inquest is like a grand jury proceeding, in which no cross-examination is permitted and he rejected

## Battered U.S. Troops Are Reinforced

By GEORGE ESTER

SAIGON (AP) — Helicopters landed 400 American Air Cavalrymen on a battleground north of Saigon this afternoon to reinforce South Vietnamese commandos battered for three days by North Vietnamese troops.

At least 26 of the South Vietnamese troops were reported killed, 120 were wounded and 17 were missing. Four American Green Beret advisers with the South Vietnamese also were wounded.

The number of North Vietnamese killed was not known yet. Officers in the field said allied forces had been unable to sweep the battlefield because "every time we go out we get in trouble."

The fighting began Sunday when about 400 South Vietnamese commandos ran across a base camp of an enemy division 65 miles northeast of Saigon in jungled hills. The camp was 18 miles east of Song Be, a provincial capital the enemy division had been threatening.

The North Vietnamese struck back from all sides as the South Vietnamese came in.

Helicopters flew in 400 fresh commandos to reinforce the embattled battalion. On Monday the South Vietnamese tried to push back into the area of Sunday's fighting but again ran into strong resistance.

Lt. Gen. Kullian J. Ewell, commander of the U.S. 2nd Field Force, visited the battle area and ordered U.S. troops from the 1st Air Cavalry Division to reinforce the South Vietnamese.

The Air Cavalrymen met no resistance as they drove into the triple-canopied jungles, and fighting reportedly appeared to taper off at least for the time being.

Although fighting picked up again in the area between Saigon and the Cambodian border, there was no indication that the upsurge was the new high point in the enemy's fall campaign which U.S. officers have been predicting for this week.

Today is the 24th anniversary of Ho Chi Minh's proclamation of the Vietnamese Republic, and American officers expect the enemy to mark the occasion with stepped-up attacks. But the action reported today resulted from allied sweeps and patrols rather than aggressive enemy action.

Government headquarters reported that other South Vietnamese forces killed 18 enemy soldiers with claymore mines Monday night in an ambush 31 miles northwest of Saigon.

In War Zone C, 65 miles northwest of Saigon, helicopter-borne troops of the U.S. 1st Air Cavalry Division clashed with small units of North Vietnamese troops and reported killing 52 of the enemy. Three Americans were reported wounded.

## 583 Claimed by Traffic Over Holiday

By THE ASSOCIATED PRESS

Traffic accidents across the nation claimed 583 lives during the three-day Labor Day week-end.

Although late reports were expected to raise the toll higher, it appeared the final figure would fall short of the Labor Day record of 688, set during last year's observance.

For comparison purposes, The Associated Press made a survey of traffic deaths over a three-day nonholiday weekend earlier this summer. The total was 435.

The National Safety Council had estimated in advance that highway deaths over this summer's last long holiday weekend would total 625 to 725. The week-end began 6 p.m., local time, Friday and ended at midnight Monday.

Traffic deaths during the most recent previous holiday weekend, Independence Day, totaled 611. That holiday period also was three days this year.
